I read my first book of the Harry Potter series a long time ago, and ever since I haven't been able to stop myself from coming back and re-reading the series. Out of all of the books in the Harry Potter series, this one has to be my favorite. The way Rowling weaves mystery, danger, and action into her stories create an engaging plot, keeping the reader hooked. There are so many new additions to the wizarding world from the previous books, such as the Triwizard Tournament, and when all of these additions come together, Rowling creates a spellbinding adventure that expands the magical Harry Potter universe.

Harry Potter and his story is one of a kind. There are no other pieces of media that come close to weaving an adventure as captivating as the one that Rowling has written. Harry Potter is an extremely unique read, and I highly motivate everyone to go pick up the first book of the series and start their adventure.
